Tonight's the Night!

Old Town Trolley Tours® invites you to explore our premier haunted tour as we mix some of Savannah's darker side with a good dose of humor! Board the TROLLEY OF THE DOOMED and hear about the city's MYSTERIOUS HISTORY and its GRAVEST MOMENTS.

Get EXCLUSIVE nighttime entry into TWO of the city's most haunted venues: FIRST is a stop at the Andrew Low House. This lovely John Norris designed mansion combines elements of Grecian and Italian Villa styles. There have long been reports of spirits that inhabit the home, tales of staff seeing apparitions dressed in old-fashioned clothes and furniture moving with no one occupying it. You will have the opportunity to walk the halls of this majestic home and experience it for yourself. THEN on to Perkins and Sons Ship Chandlery to commiserate with the spirits and truly EXPERIENCE the stories of haunted River Street.

The evening hours are upon you. Unseen spirits stroll among the living in Savannah - "America's Most Haunted City!"
