# When the conductor howls “all aboard!” - Will you be there?

Explore the darker side of the Nation's Oldest City and prepare yourself for a Frightseeing Adventure like none other as your resident Ghost Host shares tales both true and truly unnerving of the city's tumultuous past. Discover the secrets of the Tolomato Cemetery and the apparition seen playing on the sacred grounds after dark. Could it be the spirit of five-year old James or is it the Ghost Bride, still waiting for her walk down the aisle?

Be sure to keep a watchful eye while passing by the old City Gates. You might catch a glimpse of Elizabeth, a child victim of the yellow fever, waving to passersbys.

Next we proceed to the town's most haunted building the “Old Jail”, for an up close viewing of the jail's grounds and its notorious gallows. Listed on the Florida and National Register of Haunted Places, the Old Jail has been the site of countless supernatural occurrences and well-known hangings. Cameras or camera phones are recommended to take pictures through the building's famous and ominous windows and potentially capture something unworldly!
