Dying to take a ride on the Dark Side?

Travel back in time & hear of notorious wild characters like Gunslingers and Outlaws, including the tragic deaths of Prominent Families who lived and died in San Diego.

It is possible their spirits live on in the dark recesses of our historic buildings, cemeteries and neighborhoods.

Our journey will include Pioneer Park, Old Town, El Campo Santo Cemetery and the Whaley House grounds; all sites of reported paranormal occurrences.

*If there are ghosts at
El Campo Santo Cemetery
who are they and why are they here?*
